

**Remarks**

The present Amendment makes minor clarifying amendments to the claims of the present patent application. Claims 76-96 have been examined and allowed. By this Amendment, independent Claim 76, and dependent Claims 79, 80, 84, and 85 have been amended. Claims 1-75 were previously cancelled without prejudice. It is respectfully submitted that no new matter has been added by the foregoing amendments. Additionally, it is respectfully requested that the present Amendment be entered prior to the issuance of the present application. If a decision is made not to enter the foregoing amendments in whole, Applicants respectfully request entry in part of those amendments for which the Examiner decides entry is proper per MPEP § 714.16(e).

**Amendments to the Claims**

By this Amendment, independent Claim 76, and dependent Claims 79, 80, 84, and 85 have been amended to clarify that certain elements of the claims are being performed by one or more suitable computers. It is respectfully asserted that no new matter has been introduced by any of the proposed amendments. Further, it is requested that the amendments be entered prior to the issuance of the present application.

**Conclusion**

It is not believed that extensions of time or fees for net addition of claims are required beyond those which may be otherwise provided for in the documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 19-5029.

If there are any issues which can be resolved by telephone conference or an Examiner's Amendment, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

---
